

VISIONX DEEP DIVE ANALYSIS

Disclaimer & Terms of Use

VisionX does not provide investment advice within the meaning of MiFID II / §2 WpHG or equivalent regulation in any jurisdiction. This disclaimer governs all Deep Dive Analyses issued by VisionX regardless of the delivery channel (Discord, email, or otherwise). This document supersedes any verbal or informal representations.

IMPORTANT By accessing, purchasing, or using any VisionX Deep Dive Analysis, you acknowledge that you have read, understood, and agreed to this disclaimer in its entirety. If you do not agree, do not proceed with the purchase.

01 No Investment Advice

All VisionX Deep Dive Analyses are provided for informational and educational purposes only. They do not constitute investment advice, financial advice, trading advice, or any other type of advice within the meaning of MiFID II (Directive 2014/65/EU), the German WpHG, the Austrian WAG 2018, the Swiss FIDLEG, or any equivalent national capital markets regulation. VisionX is not a licensed investment advisor, broker, or financial institution in any jurisdiction.

02 Opinion Only — Not a Recommendation

All content within a Deep Dive — including Elliott Wave counts, indicator readings, price targets, cycle projections, harmonic patterns, fundamental data summaries, and institutional flow observations — represents the personal analytical opinion of VisionX based on publicly available information and technical analysis methodologies. Nothing herein constitutes a buy, sell, or hold recommendation for any financial instrument.

03 No Guarantee of Accuracy or Results

Technical and fundamental analysis involves inherent uncertainty. Past analytical accuracy, historical hit rates, or any performance figures shown in VisionX materials (including the Portfolio Tracker) are presented on a normalised 1x (unleveraged, unweighted) basis and are not indicative of future results. Markets are subject to unpredictable risks. Price targets and projections are estimates, not guarantees.

04 Your Sole Responsibility

Any trading or investment decision you make based on a VisionX Deep Dive is made at your own risk and is your sole responsibility. You should conduct your own due diligence and, where appropriate, consult a licensed financial advisor before making any investment decision. VisionX expressly disclaims any liability for losses, damages, or missed opportunities arising from your use of this analysis.

05 No Personalised Advice

A Deep Dive is a general market analysis of the requested instrument. It does not take into account your individual financial situation, risk tolerance, investment objectives, tax situation, or any other personal circumstances. It is not tailored advice in the sense of any applicable regulation.

06 Limitation of Liability

To the maximum extent permitted by applicable law, VisionX, its owners, analysts, and affiliates shall not be liable for any direct, indirect, incidental, consequential, or punitive damages arising out of your access to or use of any Deep Dive Analysis. This limitation applies regardless of the form of action, whether in contract, tort, or otherwise.

07 No Refunds — All Sales Final

All Deep Dive purchases are final and non-refundable. By completing payment, you expressly request immediate commencement of the service and acknowledge that, due to the digital and personalised nature of the analysis, your right of withdrawal under EU Consumer Rights Directive (2011/83/EU) Art. 16(a) is waived upon delivery. No refunds will be issued under any circumstances, including dissatisfaction with the analytical outcome or market movements contrary to the analysis.

08 No Redistribution

The content of this Deep Dive is for the personal use of the purchasing subscriber only. Redistribution, resale, publication, or sharing of the analysis — in whole or in part — without the express written consent of VisionX is strictly prohibited and may result in permanent termination of access without refund.
