

VISIONX POSITION TRACKER

Disclaimer & Terms of Use

VisionX does not provide investment advice within the meaning of MiFID II / §2 WpHG or equivalent regulation in any jurisdiction. The Position Tracker displays VisionX's own positions and performance for transparency purposes only. This document supersedes any verbal or informal representations as to its purpose.

IMPORTANT By accessing or viewing the VisionX Position Tracker, you acknowledge that you have read, understood, and agreed to this disclaimer in its entirety. All positions and figures shown represent VisionX's own activity and are published for transparency — they are not advice and not signals to be copied.

01 Purpose of the Position Tracker

The VisionX Position Tracker is a transparency and track-record tool. It displays the actual trading positions and historical performance of VisionX and its principals, published for informational and educational purposes only. The Tracker is a record of our own market activity — nothing more.

02 No Investment Advice

The display of any position, entry, exit, size, allocation, or performance figure does not constitute investment advice, a trading recommendation, a solicitation, or an offer to buy or sell any financial instrument within the meaning of MiFID II (Directive 2014/65/EU), the German WpHG, the Austrian WAG 2018, the Swiss FIDLEG, or any equivalent national capital markets regulation. VisionX is not a licensed investment advisor or financial institution in any jurisdiction.

03 Our Positions Are Not Signals

All positions shown are taken by VisionX using its own capital and reflect our own decisions, risk tolerance, time horizon, and objectives. They are not trade signals, copy-trading instructions, or invitations to replicate. No entry, exit, position-sizing, or leverage guidance is provided or implied by their publication.

04 No Guarantee — Past Performance

Past and current performance shown in the Tracker is not indicative of future results. Open positions display unrealised figures that may change materially or reverse entirely before they are closed. VisionX makes no representation or guarantee as to profitability or any specific outcome.

05 Data Is Indicative Only

Figures, prices, profit and loss, percentages, and timestamps shown are indicative only and may be delayed, rounded, or subject to error. The Tracker does not constitute an audited, certified, or official account statement and is provided "as is" without warranty of accuracy or completeness.

06 Your Sole Responsibility

Any trading or investment decision you make is entirely at your own risk and is your sole responsibility. VisionX expressly disclaims any liability for losses, damages, or missed opportunities arising directly or indirectly from your use of, or reliance on, the Position Tracker.

07 No Replication

Any attempt to mirror, copy, or replicate the positions displayed is undertaken solely at your own risk. Market conditions, timing, instrument access, spreads, fees, and individual circumstances differ, and your outcomes will not match those shown.

08 Limitation of Liability

To the maximum extent permitted by applicable law, VisionX, its owners, and affiliates shall not be liable for any direct, indirect, incidental, consequential, or punitive damages arising out of access to or use of the Position Tracker. This limitation applies regardless of the form of action, whether in contract, tort, or otherwise.
